What You Can Do With Signable

Unlimited Users & Templates

No cost per person, any amount of templates

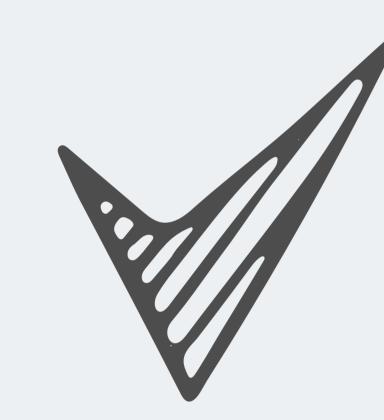

Branding

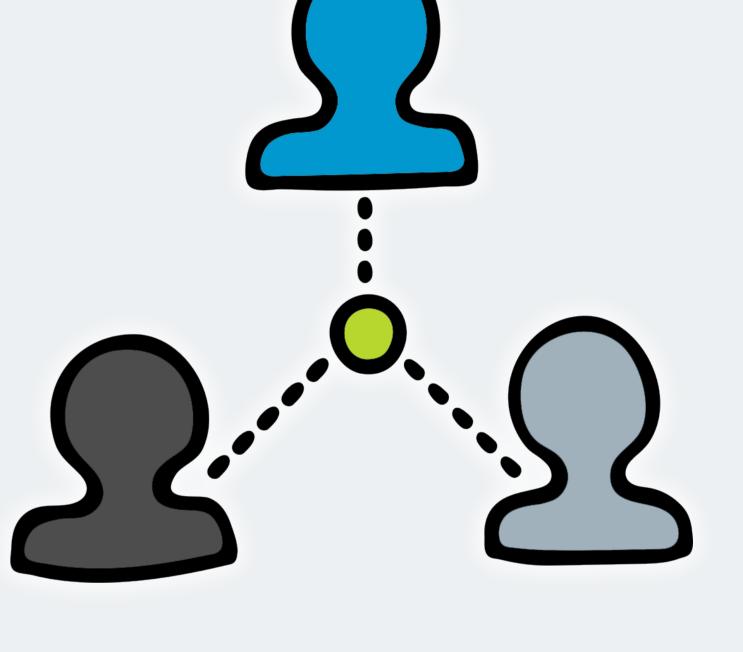

White List feature, allowing you to carry your branding through emails and HTML. So you always look good.

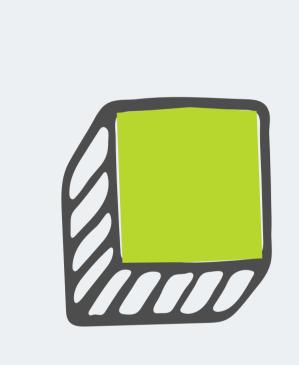

Team Work

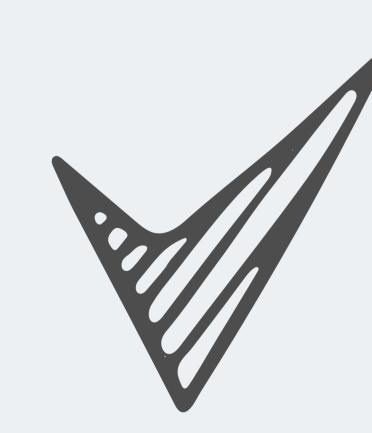

You can set up teams, so that you control who sees and edits what. We're better together.

Intergrate Signable with your website or internal systems, Learn how here.

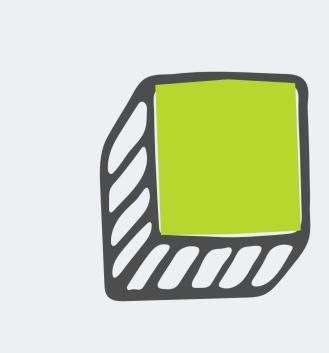

Full Visibility

Electronic really does mean everything is safer. From opening a document to the date it was signed - It's all logged.

Help Is Just a Wish Away...

For first-class support you can grab us on Livechat, the phone or good ol' email. We're always around to help you.
