

eSignatures and nonprofit

Signable

Why nonprofits need eSigning...

Working in the nonprofit sector is a demanding role to take on. It involves working hard, managing teams of volunteers, a lot of organisation, keeping a distributed team connected and all the while; keeping costs down.

At least eSignatures can help simplify one thing...

Here's how our nonprofit customers are already using eSignatures...

With eSignatures you can have these forms finished in minutes:

- Membership forms
- Volunteer training forms
- Supplier approval forms
- Media release forms

Want to read what happens when an eSignature is used in court?

So, how do eSignatures help?

- **Cut down your turnaround time**
eSignatures reduce turnaround time hugely - around 80% quicker on average. Meaning any operational documents that need signing off can be completed and returned the same day. Allowing you to spend less time on the admin side of things and focus more on your campaigns.

- **Save costs with paperless processes!**
You'll increase your efficiency and organise your forms, all while reducing paper consumption in your business. This in turn reduces costs concerning printing and postage, whilst keeping all your work searchable. Which helps save time that's spent on admin based processes. Win win.

- **Connect a distributed team**
Touching base with your team is important, especially when scattered across the country. By using eSignatures to manage your documents, projects and sign offs can be sent digitally and finalised instantly. Every action is traced and shown in your library, so no matter where your team is based, they can send and review documents!

- **Keep work mobile**
By storing all of your documents within your Signable account, your team is open to accessing files and information when out-of-office, wherever you are, at any time of day. It also means staff are able to access and send files wherever they are, too.

We're already helping these companies:

"I looked at a few online but they looked more complicated and I needed simplicity! We were about to open up our membership so it will be brilliant for this ... After the free 14 day tester, which was great, I saw how it would work for us."

- Louise Pedan, Community Organisers, Project Manager

More about us... We are **Signable**

We get your documents signed faster.

Instead of posting or emailing documents for scanning, signers can now complete them in minutes for a fraction of the cost through Signable. By using a desktop, or any web-enabled device, contracts are signed quickly and securely today, not tomorrow.
